---

Good morning Chip. I just left a voice mail for you regarding the status of EPA's agreement with our proposed CSM resolution. Today is the dispute deadline for the LWG so can you please send us a quick email acknowledging that the proposed fix is acceptable? Otherwise we'll have to submit a dispute letter in order to preserve our rights. Thanks, Jim.

Chip, can you provide an email saying EPA is good to go with the CSM resolution? We need something in writing from you to put the dispute issue to rest. Thanks, Jim.
